- **RIU Connect - Digital Reinsurance Platform**

Contributed as a front-end developer for **RIU Connect Beta I** (2023-2024), a host-to-host platform connecting **PT Reasuransi Indonesia Utama** with 70+ insurance partners. It replaces manual, email-based workflows with streamlined digital processes, reducing data inconsistencies and human error. The platform has been nationally recognized as a key milestone in Indonesia's reinsurance digital transformation :
